Judge Robsion Opens Campaign In Cumberland County

Enthusiastic Audience, Filling Court Room To Overflowing.

SPEAKER CHEERED.—ABLE ARGUMENT FOR HIS POSITION IN CAMPAIGN.

(Cary's Weekly, Burkville, Ky.)

Judge J. M. Robsion, of Barbourville, who is seeking the Republican nomination for Congress in this district against Congressman Caleb Powers, opened his campaign in this county Monday before a crowded courtroom, packed to overflowing, many turning away because they could not enter the door. For more than two hours he held the great audience spell-bound by his eloquence and logic. Things are looking good for Mr. Robsion in Cumberland and many of Mr. Powers' old supporters and leading Republicans are saying "We have done enough for Mr. Powers. This Republican paper is for Mr. Robsion—we think he can do something for the River and the people &c." Mr. Robsion was introduced by Circuit Judge J. C. Carter, who said that he had known the speaker for seven or eight years, and knew him to be a true and loyal Republican, one of the best lawyers in the State and a good business man, and a man

who had led a blameless life, and well fitted and eminently qualified morally and intellectually to serve successfully this great district in Congress. His voice was not at its best at the beginning but soon warmed up to the occasion, and the occasion was one long to be remembered by the sturdy citizens of old Cumberland. The manner in which the people heard this masterly address, and the telling blows hit his opponent, gave the opposition sad forebodings, and indicate to Judge Robsion's many friends here that he is going at a winning gait.—Advertising.

Letter From Lieut. George Frith

Camp Wadsworth, S. C.
Mch 13—1918.

Dear Parents:—

I take this opportunity to let you know that I am now a 1st Lieutenant, having recently been transferred from the National Army at Columbia, S. C. to the New York National Guard. The regiment that I am in was formerly known as the old historical 12th but now has assumed the name of the 52nd Pioneer Inf. I like the Northern boys fine. They possess the qualities that go to make good fighters and of course some suits me for when the movement comes to go over the top after our friend Fritz I will know that we are backed up by good men. They are all seemingly anxious to see over sea service which will be soon as orders are out for us to proceed to the port of embarkation in from 3 to 5 weeks. Dear folks, so don't be surprised any time when I tell you I am leaving for I will, upon safe arrival on foreign soil send you a cablegram. I am indeed glad of the opportunity to do my bit for "Old Glory," for I am in the fight to fight to a finish, only hoping that in some way I may do something that old Rockcastle will be ever proud of me for. I am now on the eligible list for Capt. and if I succeed in same I will not have done so bad after all for six months ago I started at the bottom as a private. I know what it means to come up from the bottom; it means hard

work for all the word means. With best wishes to you all and my friends in dear old Brodhead, I am,

Your soldier boy,
Geo. M. Frith, D. R. C.

THE DAYLIGHT

SAVING BILL.

The daylight saving bill, which has recently passed, requires all clocks to be set forward one hour on the 31st of March and set back one hour on the 31st of October. This experiment has been tried out in England and France with satisfactory results. In England in the short term of five and one-half months, the people saved in fuel \$12,000,000. In France the saving amounted to \$10,000,000. The same number of hours is devoted to work, but the workers begin an hour earlier and quit an hour earlier, and therefore consume less fuel in the evening for artificial light. The theaters, and all places of amusement, restaurants and shops, by the earlier closing, save one hour of fuel necessary for heat and artificial light.

Not only England and France, but Austria-Hungary, Italy, Sweden, Denmark, Norway, Australia, Ireland and Bermuda have adopted the daylight saving plan, and found it means economy and efficiency. It gives the people more time for daylight recreation after the day's work is done; and also gives an opportunity for farm gardening, which has become the exercise of many clerks and laboring men under the pres-

TODAY—the call on everyone to practice economy is greater than ever before. The basis principle of this great demand is for everyone to economize and thereby do his "bit" toward winning the great World War.

Men who have money have not made it in a hurry, but most of them have made it by practicing economy and getting on the ground floor with their buying.

THE SLACKER

"Tax slackers will be prosecuted as vigorously and relentlessly under the War Revenue Act as draft slackers were prosecuted under the Selective Service Act. The aid of all good citizens is invoked in bringing to justice the man who deliberately seeks to evade his just share of the war burden."

This was the statement today of Commissioner of Internal Revenue Daniel C. Roper. With only two days left in which to file income tax returns, he has practically completed the organization of a huge drag net for bringing into camp all persons who fail to file their returns by April first. Revenue officers in every section of the country are checking up returns with a view to beginning prosecutions against tax dodgers. The world has gone forth that such offenders need expect no leniency.

"Through its educational campaign the bureau of Internal Revenue has endeavored to cover the field so thoroughly that ignorance of the law cannot be consistently offered as an "excuse" said Commissioner Roper today. "The press, the four minute men, the state and county Councils of National Defense, the field force of the Department of Agriculture and other government departments, banks, post offices and hundreds of volunteer agencies have cooperated in bringing home to the taxpayer his duty."

"The man who failed to register under the Selective Service Act was regarded by the War Department as a slacker and prosecuted as such. The man who fails to file his income tax report will be regarded as a money slacker, and when discovered, as he will be, will be made to suffer full penalties of the law."

"To the credit of the nation it may be said that I have gratifying and conclusive evidence that these income taxes will be paid by the great majority of the American people cheerfully and willingly. But the duty of the honest man does not end with the payment of his own tax. I call upon him to aid in bringing into camp the tax dodger. A man so niggardly as to seek to evade what his representatives in Congress have declared to be his just share of a tax imposed for the support of our arms is deserving of no

consideration and will receive none.

"Congress has distributed this tax justly and equitably. The rate is fixed so that the rich man and the men of moderate means are assessed, each according to his income. No man can offer the excuse that his neighbor escapes what he is made to pay. Therefore, it is incumbent upon all good citizens to aid in carrying out the intent and spirit of the law, which is that the burden of the war tax be evenly distributed and every man compelled to pay his just quota."
